11. Only cards deemed appropriate by WRSR-FM 103.9 the Fox will be used.
12. *Rules for the card game War.*
 - a. In the basic game there are two players and you use a standard 52 card pack. Cards rank as usual from high to low: A K Q J T 9 8 7 6 5 4 3 2. Suits are ignored in this game.
 - b. Dealer will deal out 2 cards, one card to each person at the table. Players do not look at their cards, but keep them face down. The Dealer will announce when the cards are to be flipped. The object of each round is to have the higher card than the person across from the table from you. Men will compete against men and women will compete against women.
 - c. When the dealer says, both players turn their card face up and put them on the table. Whoever turned the higher card will move on to the next round. The person with the lower of the two cards will be out of the running for the motorcycles.
 - d. If the turned up cards are equal there is a **war**. The tied cards stay on the table and both players will be dealt another card face down and then another card face-up. Whoever has the higher of the new face-up cards wins the round and will move on. If the new face-up cards are equal as well, the war continues: the dealer puts another card face-down and one face-up. The war goes on like this as long as the face-up cards continue to be equal. As soon as they are different the player of the higher card wins the round and moves on. The person with the lower card is knocked out of the running for the Motorcycles.
 - e. When there is an odd number of people to compete, the players will be given the option of choosing a card. The person with the highest card will receive a bye and will automatically move on to the next round. If there are two people with the highest card, there will be a war between the two people to find out who will win the bye.
 - f. The game continues until one man and one women is still standing.
